The OLD COURTHOUSE MUSEUM is not only rich in history for our community, but the building is also a treasured memory for me. On a breezy late spring afternoon I married my best friend in the shadow of the clock tower. The sun was out and the breeze dispensed the smell of the fragrant blooming trees! All my friends and family were with us to celebrate the most memorable day in my life. Because of my great memories of the building, the Old Courthouse Museum is one of my meaningful places!
